

# 40 Keys for Army and Family

GRAHAM COOKE

---

The following points are strategies identified as key points in a powerful teaching spoken at the Leader's Summit at the conference in Indianapolis, IN in 2015.

- KEY 1** In the work of the Kingdom, we are both the household of God and we are a disciplined army.
- KEY 2** The family of God is built upon a foundation of relationship promoting love, acceptance, exploration, support, and a sense of unity.
- KEY 3** The Army of God is built upon achieving objectives with a people group who are resilient, focused, able to receive under pressure, and have developed a culture of winning.
- KEY 4** People with an army mentality know how to be deployed into battle while keeping all the foundation of the family yet knowing how to take and receive assignments without taking offense.
- KEY 5** The army of God needs leaders who inspire others, who understand alignment and authority, who can form strategies to accomplish goals, and who are scouting for others to place in strategic places.
- KEY 6** We live in the space between being a much loved child and a fully mature son of God.
- KEY 7** The Army of God has primary objectives to take and keep territory.
- KEY 8** The right leadership must be in place to keep and build upon ground that has been taken.
- KEY 9** The main leader oversees a team who oversees the people who do the work.
- KEY 10** The key issue in a paradox is what takes precedence.
- KEY 11** When God shows up you have to be with Him in the way that He wants to be with you.
- KEY 12** We choose our role currently based on primary objectives.
- KEY 13** Your primary objectives have to rule you.
- KEY 14** The will of God takes precedence in the moment of any situation.

- KEY 15** We need to build people who can reproduce.
- KEY 16** Relationships have to go somewhere or you are not relating.
- KEY 17** Primary objective affects who you are and how you operate.
- KEY 18** How God builds with you changes as you upgrade in your identity.
- KEY 19** Precedence is determined by the objective that you have.
- KEY 20** In the army of God, object is the top priority.
- KEY 21** When you are on a battle field, there is no family. Precedence is the army and the precedence is required to achieve that objective.
- KEY 22** On every level you must understand who you are and what God is calling you to do.
- KEY 23** We give assignments so you learn the process of who you really are; how to become that person; and how to live out of that identity.
- KEY 24** Identity is not just about you seeing something about yourself; it is about you becoming that person in reality and truth.
- KEY 25** We are not raising babies. We are producing warriors, champions, GameChangers, people who can act under pressure.
- KEY 26** The corporate company that you belong to – Aglow International - needs to know that you will align and execute primary objectives.
- KEY 27** We are not sending people out *hoping* that something will happen; we are sending people expecting that something is going to happen.
- KEY 28** We are developing soldiers in Aglow - men and women who know the objective and know the timing and how to take and keep ground.
- KEY 29** The struggle you face defines where you are going.
- KEY 30** We are currently identifying key areas of battle Aglow is facing and preparing objectives, strategies, and tactics so that everyone in Aglow knows what is expected.
- KEY 31** We are defining the level of involvement and commitment of our current and future leaders.
- KEY 32** GameChangers and LifeChangers are courses that are designed to raise people to new levels of knowing who they are in Christ so that Aglow is being reinvented from the inside out.

- KEY 33** We are building, training, and equipping people to rise about their circumstances in order to lead while modeling the process that demonstrates that Aglow is becoming new in the earth.
- KEY 34** We are changing from a para church organization into an apostolic movement.
- KEY 35** We are stepping into the unfolding of prophecies over Aglow and that is causing us to grow up in the fullness God saw in us from 1967. There is no more powerful place to live than this.
- KEY 36** Living out of the unfolding of prophecy creates primary objectives that govern identity and how you live out of it.
- KEY 37** What is taking place in Aglow is not a fad. It is training for army of God that is rising from within us.
- KEY 38** Corporately and individually, Aglow has an inheritance.
- KEY 39** Everyone in Aglow has a capacity for leadership because there is a lot of territory to take.
- KEY 40** We are not abandoning the relationships we have forged as the family of God as we move forward into being the army of God. Those relationships are non-negotiable and are upgrading us to be more businesslike and minded with each other.
