Aglow has been receiving incredible words throughout our ministry. However, a shift began in 2003 and it took on momentum from 2004 on. In 2008, one of the most profound words I have never heard was spoken to Aglow, which brought a great sense of enlargement to the ministry.

When God speaks a prophetic word *He is telling you how He sees you*. As Graham has taught us, He is a future to present God. So, He speaks to us from the future telling us how He views us and in a sense, telling us who we are.

## **PROGRESSIVE IDENTITY UPGRADES**

We are not the same ministry we were in the 1970's or the 1980's. We had an identity then. It served a purpose. It served a time, but times have changed. And God has been preparing a people for the time in which they live. So you have been changing along with the times changing and God has been doing a profound work inside of each one of us individually so that corporately He can move us into the place that He sees that we need to be for this time and times to come.

So, the prophetic word is *God's view of us and He is telling us how He sees us*. When He tells us how He sees us, He is not saying to us, "Now I want you to work to become that." Just as it was with Abraham, God speaks the word and then we respond. Once the word of God's intent for Abraham was spoken, Abraham's part was to respond, to receive the word and begin to walk in what God had already spoken.

The same principal God used with Abraham also works with prophetic words spoken today. God spoke the word over Aglow and now it is our part to receive that word. When you receive a prophetic word, you do not just put it on a shelf and think, "Well, that was a nice word." You begin to walk in that word.

The particular word spoken in 2008, is a word that I have literally soaked in, prayed over, meditated over and called forth in Aglow. It moves about in my mind and in my spirit because God is creating something new and it is for great purpose. He has been creating a people, and forming a people, transforming a people from what they were in the 70's, the 80's and even the 90's into the people that He needs for this time.

## **FULLY EMBRACE AGLOW'S PROPHECIC WORDS**

So we as a movement, we as an organization, need to step into the fullness of that word, receive it, and then watch God unfold it.

The comments related to prophetic words from Graham's book are:

- **Prophecy connects us with the next stage of our identity.** He tells us who we are, how He sees us. We receive it and begin to move in that direction.

- **Prophecy is a declaration of an upgraded intention.** He has great things in mind for this movement, this organization, and He is telling us there is an upgrade - there are multiple upgrades in the process of becoming what He has spoken over us.
- **Prophecy stirs hope within us. It speaks to us of the future.**
- **Prophecy stirs the atmosphere.** I think prophecy almost creates an atmosphere that is filled with life and hope. It is expectant. When a woman is expecting a baby, the whole household becomes excited and ready to receive this new life.
- **Prophecy has a quickening Spirit attached to the promise contained in the word.**
- **Prophecy brings your thinking to a whole new level.**

That is what these meetings are about. We are moving to a whole new level, filled with expectancy and hope for the future, for the new life we are receiving. None of us will go home the same. We have been in a time of change, a mental adjustment, a spiritual adjustment. We are walking in what God says about us, who we are and who we are becoming.

In our times together today and tomorrow, we have 3 sessions in which Graham will be speaking to us and then at the end of each session, we will have a question and answer time. We really want to know that you are understanding what is being said and hearing the sound. Some of us have had the privilege of being able to sit with Graham around a table, the leadership team at the office, the US National leadership team, and the Board of Directors. We have had times of dialoguing with him, hearing the Lord together. We want you to have that same blessing. No question is silly. Every question needs to be answered, because it helps clarify.

I'm thinking of the words to one of the songs we sang this morning. *Lift Up Your Heads*. It says, "You armies of the Living God stand in your Captain's might. Go where no hallowed feet have trod, arise My Warrior Bride. Fear not. Faint not. Halt not. Don't quit. Be strong. To Christ shall every nation bow. And sing with You this song, Hallelujah."

God has placed you in the nations of the world. He has done an incredible thing in you and He is doing an incredible thing through you and I believe it is about to expand and explode with new life.
