## Local Groups, Our Core Strength

Since 1967, interdenominational local groups have provided a safe place

- To encounter a loving, personal God
- To grow in God
- To make trustworthy friends
- To heal and be restored
- To gain biblical understanding
- To provide consistent accountability without judgment
- To discover your gifts and talents as God designed you
- To teach and model godly servant leadership

Aglow is open to men's groups, women's groups, combined men's and women's groups. The choice depends on each local group's purpose and desire.
