### Prophetic Word

---

I prophesied to this ministry years ago, you are one of the few ministries ever that is able to transition to the point that you are used and on the cutting edge of two major moves of God in the Earth raised up at the beginning of the Charismatic Movement before anyone realized it was a movement. Was it 1967, what was it? But God working, doing this, and then that movement subsides and God goes back to work in us and now He is ready to begin to move out from us again and here you are positioned.

How many ministries have I seen that when they hit a certain point they become an old wine skin. I mean, when the leadership passes the next generation, maybe the next generation does not get it, or there is no one there to do it. And they just get comfortable in what God did yesterday. They get comfortable in the system. They get comfortable in the methods and it is like, I mean do you realize that most churches and ministries do that? It is so tragic, and so God has to raise up other ones, but some that can stay flexible, change, and shift and still discern the times and move with God, He can use them even as a leading voice in the next outpouring. And He is offering that to you. I have no question or doubt in my mind that you are going to succeed. You are going to do it! I know that.

That is why I am here. I do not waste my time anymore with places I know that just do not get it. I am too busy to do that. I love them. I just do not have the time to go help somebody build a church. I am sorry, I hope that does not sound mean. I just do not have time for that. Now, if they are impacting their region as a church, I am all in. But if they are just trying to build their own thing, that is not who I am. So, you can do this.

There is something we have to do as leaders and as believers that can be challenging, and that is to have enough faith and confidence in what He has made us to be. And it still be done in humility, and realize it is Him and it is His strength. So, we are walking in humility, but we are walking in confidence in what He has done and what He can do.

And I feel like that is a word for this ministry right now. You must embrace who He has made you to be. You must do it in humility, but you must do it. You must understand that you have authority in the Earth. You must understand that you are an apostolic, prophetic, evangelistic, teaching, nurturing, shepherding organization. There is nothing that any religious group in the Earth can do that you cannot do. There is nothing that He can assign you that you need to bring somebody else and say, "oh we could not do that. We could not do this." **YOU CAN DO THIS!**

Of course, it is good that you partner with others and it is good that you bring outside voices in to speak to you, but I am just saying to you, Aglow, you have been equipped, prepared, matured into this season.

It is time. You are ready. You have been a part of this restoration. The fullness of Christ is working through you. Do not shy away from anything that He wants you to do. And as long as you do it, as long as you agree to do that and obey Him, He will pay for it.
