

Lover, Warrior, Statesmen

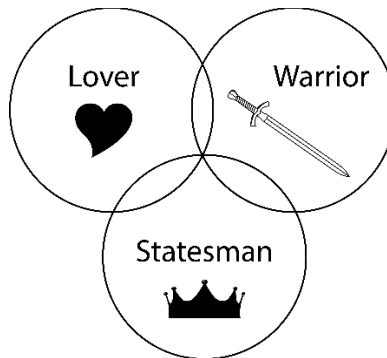

Lance Wallnau

2021 Aglow Conference – Saturday AM Session

There are three types of people in the Body of Christ.

- » The lovers
- » The warriors
- » The statesmen

You have to know what they are because you will have an inclination toward one group or the other.

The Lovers

The lovers look and they see Jesus. This is the bridal company. I run into them in the Body of Christ. It is the revival group. Lovers do not want to get involved with anything to do with reformation because they want to be laid down lovers of Jesus. They want to see everyone through the eyes of the Bride of Christ, with love and humility. Those are all accurate attributes of Jesus.

The apostle Paul said, “I am concerned about the Corinthian church. I want to present you as a chaste virgin to Christ so you do not have any other entanglements.” So, there is a model for the church to be the devoted lover. The humble servant. The non-confrontational, pure devoted Bride, lover person.

The Warrior

There is another model, and that model has been weaker in the church. That is the model of Jesus the Warrior. This is very important that we get this down because the first century when Jesus appeared they were looking for the Lion of Judah. They were looking for Jesus to show up as the Lion of Judah and He came as the Lamb of God.

We are always out of rhythm with the next manifestation of Jesus. That is the point I am going to make. They were so fixated on the Messiah coming as a conqueror that they could not discern Him coming as a sacrificial Lamb for the sins of the world.

Our problem is that we are so obsessed with Jesus, the Lamb of God, that we do not imagine Him coming back as the Judge and Ruler of the universe. The next manifestation of Jesus is not the Lamb. **The next manifestation of Jesus is that He is coming with the Armies of Heaven.** This is the last chapter of the Bible. The Spirit and the Bride say come. Evidently the Bride is with Jesus and they look like an army because He is coming with the Armies of Heaven.

🔑 **Key:** When Jesus comes again, He is not coming as the Lamb of God. He is come back as the Judge and Ruler of the world.

Jesus is Both a Lover and a Warrior

So, Jesus the Lover, has to be put in balance with Jesus the Warrior. It is not “either/or”, it is “both/and”. Jesus the Warrior confronts the devil. He overturns the tables in the temple. He says the inconvenient truth at the party that nobody wants to hear. Sometimes He insults the host!

A Pharisee invites Him to dinner and they are watching to see what He is going to do. Jesus accepts the invitation and sits where they put Him, but a woman comes and is washing His feet with her tears and drying them with her hair. They are judging her and they are judging Him. He proceeds to bring up the uncomfortable subject, “Hey when I got here, you did not kiss Me. You did not wash My feet. You did not do any of that, but this woman — ever since I arrived, she has been doing all of that so her sins, which are many, are forgiven. Evidently you do not have a whole lot of sins to be forgiven so you do not love a whole lot.” That is what He said!

Jesus Was A Political Threat

I think we have a weird way of reframing the Bible into images that are not necessarily accurate. So, we see anything that has to do with confronting as though it is not compatible with the disposition of Jesus. But, in fact, I would say to you the exact opposite. I would say that Jesus might not be the Person you would invite to your cocktail party because it will be unpredictable. He might not be as passive and neutral as you think He is. There is a reason why He was perceived to be a threat. He was killed because He was a political threat, do you understand that?

That Christians should not get themselves involved in politics is one of most hilarious lines that Heaven listens to. You are talking about the King of the universe coming to reclaim a dominion that belongs to Him. And you think that you not supposed to be involved with governmental matters? Think about *that* one! So, Jesus the Warrior and Jesus the Lover are both valid portraits of Jesus.

🔑 **Key:** The Church should be involved in the affairs of life by always bringing in Biblical principles that influence every sphere of society.

The apostle Paul would be concerned with the church being presented as a chaste virgin, but then there are other weird lines in the Bible where you have him standing in front of the Pharisees when he is on

trial. He starts to make his defense and they smack him across his face. Here is the guy that wrote the thirteenth chapter in Corinthians on love which we read at every wedding, “love is patient and kind, love is gentle, love is...”. Paul turns and says, “God will strike you, you white washed wall. You think you are going to judge me according to the Law, and yet contrary to the Law, you just ordered me to be hit!?” (Acts 23:3) This is not exactly turning the other rabbinic cheek.

They said, “Well, would you speak that way to the high priest?” And then the savvy old apostle looks around the room and says, “Oh, I did not know it was the high priest. You know, because I am a man of scripture and it is written ‘Thou shall not speak evil over the ruler of thy people.’” Then he scans the room and figures out half are Sadducees and half are Pharisees and decides to divide the room right down the middle. “Gentlemen, it is because of the resurrection of the dead that I am on trial. You know how these people are!” And they all get up and go, “You know, he has got a point.” Then they are all fighting with each other and he gets pulled out of the room.

What I am trying to say is that, that is the apostolic disposition we need when the Lion of Judah is the next manifestation of Jesus for the earth. If you are looking for the Lamb, you are going to be confused, because He is looking more and more like a Warrior these days. Does that make sense to you? Now they are both compatible!

The reason that I am laughing is because my wife is a lover and I am a warrior. The lovers are looking for mercy. The warriors are looking for a prophetic, divine judgment and they are both accurate.

I really do not think that we have gotten comfortable with the warrior Jesus. This is part of the schizophrenia in the body of Christ. **The moment you have to move towards any form of activism, there is going to be somebody that says, “Well, would Jesus really do that?”** We have to get clear in our heads, “Yes, Jesus would really do that.”

 **Key:** Jesus always stands for Truth and never backs down.

Martin Luther and the Reformation

The whole Reformation is the story of Martin Luther standing alone against the Catholic Church in that period of time. There were other generations of Catholic church that were not as bad as the medieval period when Luther wrote. It is not all one sided, but here is the reality, **Luther stood as an individual against the collective.**

Where we are now? **It is very important you understand this, Marxism, Socialism, it is the same spirit with a new name.** Catholicism has it, in its own way, if it is wrongly aligned with the Holy Spirit. **It means the group will tell you what you think, and what you do, and how you serve God.**

 **Key:** A group wrongly aligned with Holy Spirit will not give the freedom to its members to follow Holy Spirit’s lead.

The Reformation’s Influence Upon America

The whole American experiment comes out of Martin Luther and the Protestant Reformation. If you think about it, it is that one element that makes the United States different.

- » It is the rights of the individual against the group.
- » It is the rights of the people against the government.

America's founders were very clear on that, but it came because of the Reformation influence in Europe. It came because the original pilgrims that came here were a church relocation project trying to get away from persecution in Europe. So, **it is built into our DNA (in America), this kind of spiritual longing not to be controlled by a hierarchy.** And that is where you guys (in Aglow) are at now – you have to get in your DNA.

What is the cosmic conflict? Because these cycles go through history and we have to have frameworks to see the battle. We are talking lover, warrior, and king (or lover, warrior, statesmen) for a reason right now.

Warriors Will Not Violate Their Conscience

Luther stood up as a warrior and he said, "I cannot recant what I believe and how I practice my faith. Because to do so — unless you can convince me by reason or by scripture that I am wrong, would be violating my conscience. It is a very dangerous thing to walk with God and violate your conscience because that would mean that you are sinning on purpose, and," Luther said, "I will not sin in submission to your decree." (Like Esther and Daniel)

This is where it is going in America, folks. You want to know what civil disobedience is? **We are going up against a hostile media that is the mouthpiece for Baal. They are the false prophets of Baal. You are seeing Jezebel and Ahab-like passivity, manipulation, intimidation, and domination coming out of the government realm.** When you see the media and the government aligned like that, with big business behind it, like Herod's money, it is a Biblical scenario.

Luther said, "I cannot recant. Here I stand, I can do no other, may God help me." When he stood there, **he stood as a reformer, as a martyr, and as a warrior not backing down to try to find common ground with a compromise God was not in.** You have to know - when are you going to be a warrior? When are you going to be a lover? If you are all lover, you are half unbiblical because even Jesus provoked the system.

 **Key:** Warriors do not compromise with evil.

Have you ever seen that scene in Braveheart where Mel Gibson has all the war paint on, and he comes back to his team, and they said, "What are you going to do?" And he says, "I am going to pick a fight!" He goes out deliberately to provoke a fight because they had to have a battle because the nobles were compromised. As long as the nobles were compromised, the people were going to be oppressed. He goes to go pick a fight and put the nobles out there and make them fight. He is going to go in as a noble forcing the other nobles to take a stand. He was like Trump in the populist movement showing up in Washington, forcing all of the Republicans who do not want to fight to have to face off with the job they are supposed to do.

Cautious applause enters the room. Listen if you are not convinced we will just have to talk a while. We will all be on the same page eventually.

So, what Jesus does is, He goes to Jerusalem to pick a fight. Do you understand that? If He did not want the fight, He did not have to go provoke it. He went into Jerusalem like William Wallace going out on the field of Sterling to pick a fight. He knew very well He was going to the nerve center of the Pharisees religious structure that He was threatening. He was going at the time that Pilot had to be there to govern the city. He was going at the maximum opportunity to pick the fight with the devil so that the devil would make the mistake of swallowing Heaven's Suicide Bomber.

Satan took Him on and he never should have taken the bait. Jesus used Himself as deploy. When He detonated Himself and allowed Himself to be taken to hell, Satan realized he made a very big mistake. I am not sure there was a way he could avoid it, because if he left Jesus alive all men would believe in Him. If he kills Him, he has completely done himself in and he has given up the keys of the Kingdom and control until Jesus decides to return and take over.

Deliverance Brings Freedom and Joy

Understand something, remember when Jesus was **casting out demons** — which by the way is **characteristic of the next move of God**. It is going to be a move of joy. It is going to be a move of freedom because one of the characteristics of joy and freedom like in Samaria where there was great joy in that city, was that there was a great deliverance move in that city. And when the demons come out, people get happy. The reason why most progressives are miserable is because they are possessed. You can quote me on that!

Progressives are the most miserable people on the earth. They are happy with nothing. You can have the greatest prosperity on earth and they will find something to be irritated about because they are always looking for some inequity, inequality, or iniquity that they can point out that irritates them.

Jesus Provokes Things to Reveal What is Really Taking Place

Jesus is the Ultimate Warrior and He is picking a fight right now.

Here is the problem, I am running around trying to be a pacifist, peacemaker, lover, ambassador because I know that role. I thought that was what I was supposed to be. Then I turned around and realized that Jesus is running around lighting things on fire. I am trying to put all the fires out and He is the One starting them.

People make the mistake all the time with Trump. They did it when he emerged. They think, "Oh, he is just so... I wish he would not... I mean, ...I just wish he would not Tweet that way." Really? You are dealing with principalities and powers that want to crush America, destroy our economy, rob you of your freedoms, disembowel our presence in the Middle East, let a terrorist state emerge, let China destroy your future, and you are worried because the guy does not, in 120 words or less, please your palate with his selection of how he critiques his enemies? That is your problem?

We Are the Movement

The reality is, Trump is not our movement. **We are the movement** and it is very important that people get this. Donald Trump could rise. Donald Trump could evaporate. It was 'we' that made Donald Trump possible because he is the voice of a movement. They think if they can get rid of him that the movement has lost its voice. No, you cannot do that with movements! That is the problem. That is the mistake the

devil makes. You take out one, there will be another because the one does not make the movement. The movement makes them. Then in history, God answers your prayer by giving the appropriate representation for the movement that God is in. And if they martyr this one, God will raise up another because the movement is what you are dealing with, not an individual. Does that make sense?

The populist movement is very strong, and the thing is that we are being attacked in so many different ways. It is hard to understand. “Well what is critical race theory? What does this mean? What does that mean?” We are being hit by all these different avenues.

I want to simplify the complex again. God is so mischievous. I like the word ‘Jehovah Sneaky’, because you will marry a person who is a warrior when you are a lover. You will find that in your own way of evaluating circumstances there is one person who is doing the “mercy” root while the other is doing the “conversation we need to have” root. How many of you know what I am talking about? You do not always marry what you are. You marry a little bit of the opposite. That is where the tension is.

So anyway, I am doing this board meeting with these donor people and I love them, but they frustrate the heck out of me because when it comes time for making big decisions and audacious action, they cancel each other out. The lovers want to do a Jesus Rally and the Warriors want to do an election reform. Between the two you end up with a hybrid that does not do anything because you picked the road that is the least offensive to the lovers and the most tolerable to the warriors.

Lover and Warrior

As I was facilitating this meeting I got frustrated. I got up and I said, “Here is what is not clear for me because Jesus is a lover, Jesus is also a warrior. When He comes back He is not coming back to figure out how to heal the people that did not accept him. He is coming back to *judge* the living and the dead. The lover laid down His life so that you would not have to deal with the Judge, but the judgement of God is every bit a characteristic of the love of God. If God did not love you, He would not take the sword out to deal with the things that are destroying the people He loves. So, love requires a sword and the sword requires love so that it is done righteously. These two attributes are not opposite. They are who God is. And if you only have one Jesus (lover or warrior), you are missing the other half.

So, when it comes time for what to do, you have the sword over here, but then you have the third image here which is the crown. The crown is the statesman. These three people are in the body of Christ. By the way, they are in you also because you have the priestly anointing, you have the prophetic anointing, and you have the kingly anointing. You are a royal priesthood. You already combined these attributes. And when you are dealing with deliverance, when you are dealing with the devil, when you are dealing with curses, and when you are dealing with what he wants to steal in your life, or the life of your loved one, you are a warrior and you are anointed to destroy the works of hell. Every lover knows what it is like to be a warrior because **you are going to war for the things you love.**

Statesman

So, what is the statesman? This is the part that is most difficult for people to see - the ruler or the statesman. Do you remember when Jesus speaks - He has His sayings now and then that always come back to me. “If you are on your way to battle against 10,000 troops and you only have 1,000, you should

be trying to find terms of peace.” That does not really sound like a faith filled utterance right there. You should just say, “Well, whether fewer or many I can win.” Yea, there is a verse for that, but then you have to deal with the whole mind of Jesus.

There is another occasion where Jesus says, “You do not have the strength you need for that particular battle, so in that case, if you are on your way to the court try to make peace on your way there. It is better for you to negotiate the solution on your way to court then go to court and lose the case.” He put those teachings back to back. He is giving good rabbinic wisdom on doing a self-assessment of your resources and your capabilities. Then, if God says you only have 1,000 without Me, you are lost, but go do it. Well, that is different. Now, you are Gideon. You have to go to war, but you know what the numbers are. In that case, God gets all the Glory. It certainly is not your valiant 300. It is more like an act of God that you won. Does that make sense? My point is this, **the statesman anointing is the one that that has to do the shrewd analysis, because the ruler who is committing himself to battle has to calculate what is the best approach to winning.**

So, here is what I found in this particular board meeting. I got up and I said, “We are not making progress because we have people that are lovers who are canceling out the warriors.” I said, “Now the role of the statesman is to allocate resources and money. Examples: It might be that Charlie Kirk and Candace Owens, and this thing right here is where the money goes right now because we are dealing with youth on college campuses. There is more bang for the dollar out of getting our young people over there to find conservatives that they can stand with against the liberal machine of the professors and the administration. Maybe that is the thing to do. Or, maybe there is some college ministry that is going gangbusters where the Holy Ghost is moving on certain campuses. It is not going to be winning the student body over by conservative groups; it is going to win them over by Holy Ghost evangelism. So, here is the ministry that knows how to deliver the punch this way and there is the one that delivers it that way. We do not go either or, we go both in, in this case. In this case, which one did we want to fund?” See how this works, the wise ruler.

So, if you have to look at what the attributes are. **The lover keeps you pure of heart. The warrior keeps you bold, but the statesman keeps you wise.** So, you know which one to be when you are going to be dealing with the problem. You can either deal with it by trying to win the person over winsomely, which is the lover strategy, or you might have to let them know where the boundaries are and what the consequences are if they continue that behavior.

Key: The lover keeps you pure of heart. The warrior keeps you bold. The statesman keeps you wise.

Every parent does both. They want the child to know that they love them when they discipline them. Because, if you only love and do not discipline, we might find that DeMarcus (a young boy Lance has been mentoring) never gets out of math class. Does that make sense? So, wisdom has to choose the appropriate means.

David, a Prototype of the Three Types of People in the Body

The perfect model for the lover, warrior, and ruler is David because David was the wild dancer in the conga line. He was out there with you guys. He did not care if CNN was there watching him. He will just get crazier and throw his clothes off and keep dancing! That is a wild lover. Unashamed of Jesus.

Then, he is also a wild warrior. He was such a wild warrior that when it was time for him to build a house of God he goes, “God I want to build a house! I am crazy about Your ark and Your Presence. I am going to build You a great house!” And the Lord says, “Woah! Hold it right there David. I know I had you killing Philistines and I know you had a job to do, but young man you did it with so much zeal. I do not know. You are a bloody man.”

This guy (David) was a warrior that went crazy when he had to fight. He worshipped like a Pentecostal on hot sauce, but then God was the One who said, “It is going to be your house, your throne, your scepter. Your kingdom is where the Messiah is going to come out of. The ultimate King is going to come from your loins.” And so, David becomes the prototype.

It is no wonder for us that Jesus loved the term “son of David” because he was the ultimate warrior, the ultimate lover, and the ultimate wise ruler. **This is what the world is longing for.** It is a longing for a church that will be a little more radical in its devotion, and a little more “I could care less what you think” in its devotion to Jesus.

There is something about this woke movement that is very sterile. It is very pharisaic and it is going to reward the outspoken because people secretly wish to not conform. They want to be able to be that Martin Luther that stands against the group. They want to be that solo that stands against the machine that is trying to intimidate it. Everybody longs for that courage. The church is going to demonstrate it and it is going to require that we be very shrewd, very shrewd, not beating the air, but actually laying punches on the enemy where the enemy needs to be hit. Does that make sense to you?

 **Key:** The world longs for a Church that does not conform to the world’s ways, rather, it demonstrates life in the Kingdom.

So, what I am saying is, I just believe we have complications that can be worked out. So, when you find yourself in all those paradigms, it is like the dominionist thing. Now I am not saying that you have to be a dominionist. We have to define what it is. (Dominion – supreme authority; sovereignty. Genesis 1:26-28 “Then God said, ‘Let Us make man in Our image, according to Our likeness; let them have **dominion** over the fish of the sea, over the birds of the air, and over the cattle, over all the earth and over every creeping thing that creeps on the earth.’ So God created man in His own image; in the image of God He created him, male and female He created them. Then God blessed them, and God said to them, ‘Be fruitful and multiply; fill the earth and subdue it; have **dominion** over the fish of the sea, over the birds of the air, and over every living thing that moves on the earth.’)

Current World Situation

I am not sure that these people who are accusing me know what they are talking about. All I know is that they are lovers that do not want to create any needless controversy or provocation with their

enemies. The problem is, **your enemies are coming for you whether you are a lover or not.** If you surrender your rights as an American (really any nation), you honestly think the Democrats or “country club” Republicans are going to be more concerned about protecting you if you actually surrender more? They are already labeling the innocent as the guilty. They’ve got the spirit of Nero on them.

If you for whatever scientific reasons you have, like let’s say that you do the Israeli because I am part Jew. I have Ashkenazy in my bloodline and I have family in Israel. To me, science is an extension of God unless it is science falsely so called, which is what Paul called it. Which means you do not quote science and then give me fiction. If you are going to quote science, be ready to defend your science because God is the God of science. He is the God of math. He is the God of numbers and the God of economy. He is the God of governments! **God has solutions for every domain in life!** I am not afraid of knowledge. God is the God of knowledge.

So, as we are moving on, and the battle that we are in, we have to recognize that your being nice is not going to win any battles. As a matter of fact, they are going to eat your lunch. So, if you are the unvaccinated today - in Israel a study came out saying that after this is the most vaccinated place, these people worship the alter of science. As you know, the Orthodox Jews have their thing and most of Israel is secular. It is my family down there, but they are, they are raging secularists, so they worship the god of knowledge. So, the Israeli scientist is almost an exalted category all by himself, like a high priest. And the scientists say, “90% of everybody in Israel is vaccinated, once vax’ed, twice vax’d, three times and sealed.” Then, they got this high raging problem with COVID. They are trying to figure out well, “what happened? We did the science so disciplined. I mean we are so COVID conscience.”

Well, the thing that they found out was that the people that had already had COVID somehow — before they went got all the vaccines — had 13% to 20% greater resistance to COVID because they have natural antibodies. This is from the science community in Israel. So that basically means that we should be taking a look at what the real risk factors are for the people that already have the antibodies who are getting a vaccine because it could be messing up what they already have. You would think that would be an important question when 80 million Americans already had COVID and had the antibodies. Why are you forcing them to have to get a vaccine when they are the ones with the greatest natural immunity?

I am only bringing that up because we are in the habit of assuming that somebody else is thinking these things through until you realize how idiotic their solutions are. Which would be bad if they would live with their own solutions and then tell us how it how it works, but they insist that you do their solution. Now you have to partake in their craziness. Now you have to pull your Martin Luther moment. “Well, hold on a second! Here I stand, and unless God shows me and unless you can convince me with an argument, or I can see you are in the Word of God, I believe that it is not wise for me to submit myself to you.” In fact, if I think this thing through I might even find myself having a moral conviction about not doing this, in which case you have forced me to compromise my faith, which is why right now the only exemption is religious because that is where it is going to. They are going to start to label the religious people as the problem.

So now, this genius administration says “the unvaccinated, (not even categorizing who already had the antibodies- they are misrepresenting it already), you are the reason the economy is going to fail.” No, it is not going to be their ignorance, their \$3.5 trillion worth of additional debt, their funding people not to go to work, the destruction of one out of three small businesses. No one is bringing that up in the false prophets of Baal news media programs. But, they are going to start to label the Christians as the reason Rome is burning. Well in another era maybe, but not yet. That is not what is going to happen. Because, you can only make believe that 80 million people do not exist for so long until they show up.

Now, believe it or not this is all an edifying word of God message because what I am trying to tell you is **this is the disposition of Jesus for the church right now**. It is a little bit more combative than we are use to and it is going to flush out all the people that are inappropriate lovers. **The inappropriate lovers will keep on giving in, and giving in, and giving in until they take over your property, take over your freedom, and take over your speech. Then they will take over your right to assemble in a meeting like this. Because, that is the nature of the devil.**

God, by the Mercy of God, gave us founders that could foresee **flesh** and see how simple nature likes to behave and they created checks and balances. The left wants to eliminate all those checks so there is no balance left. So that it is their ubiquitous beliefs, theories, and ideas dominating the Earth; which is the spirit of Anti-Christ. **The problem with Anti-Christ is Jesus Christ.**

Aglow – A Great Movement

You are part of a great movement. What I love about it is that at just about the time when you are supposed to be old enough to retire and go to a golf course that is when God says, “Oh, you have been preparing all along for the big game!” Do you know how frustrating it is to the devil to have older people kicking his butt? It is a HUGE frustration. It is true, totally true. If it were a young and virile attractive movement with long hair bouncing around with the world envying us...but, oh no! It is us people out there! Those demons cannot stand us because, we remind them of something! We remind them of the fact that “though I am weak, I am strong.” (2 Cor 12:10) And, “though my body may be aging, my inner man is actually getting stronger all the time.” (2 Cor 4:16)

So, I want you to catch this, Jesus, the Lamb of God shows up and they are looking for a lion. And now, the Lion of Judah is showing up and everybody is having apoplectic attacks because of dominionists lambs that are nervous.

You have to have Dutch talk about that dream about the half lion half sheep - that the sheep are having a birth process because there is a crisis. They are in crisis because they are supposed to be turning into a herd of lions. They are not supposed to be a herd of vulnerable sheep now.

David, a Different Kind of Sheep

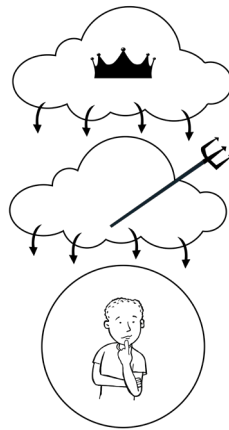

You see, David was a different kind of sheep. He says, “The Lord is my Shepherd.” He understood that the Lord is his Shepherd. He worshipped the Lord. He was devoted to the Lordship. But then, he took his little slingshot and went out and up against a giant and killed the giant. Then he cuts the giant’s head off with his own sword and wanders around with the head in his hand like a bowling trophy half the day. He is walking around with the head of Goliath like, “Hey, check this out! What do you think?”

He is a little messed up in the head walking around with this guy's head. David is a different kind of sheep. He is not a docile sheep or a romantic sheep. He is a killer sheep. And **that is what you are — killer sheep**. Not all sheep are the same sheep. Just ask Goliath's family.

🔑 **Key:** Aglow is a different kind of sheep – a killer sheep! (Aglow is a giant-killing organization.)

The Kingdom is Coming Down

Okay, so let me give you one more picture. I gave you that picture last night which is very important for you to get which is the fact that **the Kingdom is coming down and hell is being pushed out of position**. As Satan is being cast to the earth - and this is all going to have some radical theology attachment eventually and a lot of people that are going to disagree with it, especially people that do not like the conflicts - the Kingdom is coming. Jesus says the Kingdom of Heaven draws nigh, look up. Why does he say look up? Because if you do not look up, you are going to look at what is coming on the earth.

What is coming on the earth? This realm right here – I am going to put a pitchfork in it. Satan is coming down. The reason why Satan is coming down is because he is got a lot of pressure at the home office. The big guns are moving in! So, Jesus says, “Look up!” He says look up this way because you have to look. **If you do not look at what is behind the shaking, then you will be looking at the shaking.** This is why I want to do the news analysis the way that I do it because I want you to see what is coming down, what is getting shaken, what is manifesting.

🔑 **Key:** If you do not look at what is *behind* the shaking, then you will be looking *at* the shaking.

Jesus goes into synagogue and everybody is having a nice normal day. A nice, boring religious service. Jesus walks in and he comes in a little tension in the room - the new rabbi is there. He has this kind of curious look about Him. As soon as Jesus starts teaching and talking demons start manifesting. “Oh, I know who You are - the Holy One of God!” And they want to blame Jesus for disrupting their synagogue. **The demons were in the synagogue the whole time. All Jesus did was bring to the surface what was sleeping there.**

One Purpose of An Awakening

That is what an awakening does. **An awakening causes the demons that were there to manifest** and then they want to blame the awakener. Do you understand what I am talking about? They will blame us for the problem that is them manifesting in the synagogue of our cities and streets. Because Jesus is showing up.

🔑 **Key:** An Awakening causes the demons that were there always to manifest.

An Appointed Time is Coming

So anyway, the demon says something very interesting. It is the only time you will catch this utterance, but it is a mouthful. “Oh! I know who You are. You are the Holy One of God. Have You come to torment us **before the time?**” (Matt. 8:29) Ah ha! An interesting, sloppy admission from the ranks of hell! And I believe the Word of God is accurate. “Have You come to torment us?” What does it tell you? Two things. One — they all know torment is coming. They are aware that they have disobeyed and they are in big trouble with the home office. Secondly, they all know there is a time for it. They know it is coming and they know there is a time. And Jesus showed up there 2,000 years ago.

🔑 **Key:** Demons know that torment is coming and they know there is an appointed time.

Well, if you want to do the Biblical analysis of it, 2,000 years from like Adam to Abraham, 2,000 years from Abraham to Jesus. Then you have 2,000 years from Jesus to today. He came on the fourth day, but they expected Him at the end of the week. They expect Him now. But, He showed up 2,000 years ahead of schedule. They were always on their toes. They are not that smart. They are down there in the lower ranks in the synagogue realm there like just demons occupying bodies up there at a higher realm. They had a little more intelligence. But they all know they are going to go to the lake of fire. And they all know there is a time set for that courtroom proceeding. **That is why they are so insane right now about postponing it because it is getting closer.**

You want to know why there is so much craziness going on in the world? It is because hell knows that the time is now coming. And they can tell because Heaven is now pushing pressure on them. **The Kingdom of Heaven is coming to earth.** Jesus said, look up when you see these things happening because the Kingdom is drawing near, and you look up because gross darkness is going to cover. Why would gross darkness cover the earth? Because these dudes are coming down more and more into the governing structures of the earth. However, “Upon you My light will shine and the Glory of the Lord shall be seen upon you.” Isaiah 60

🔑 **Key:** The Kingdom of Heaven is coming to earth.

Heaven is Close

Why the Glory? Because Heaven is closer than it has ever been. But why the great battles with fear and anxiety and depression? And why do you have to build yourself up now in the most Holy faith praying in the Holy Ghost? Because, **you have more of hell pushing down on your unredeemed areas.** That is why you have to look up. **Your redemption is getting nearer, so you have to start to appropriate**

everything Jesus died to give you. If you have fear it goes on steroids as the devil gets closer. If you have fear and manipulation, it starts to manifest on you. Everything that triggers you, every trigger that hits you, you need to stop and step outside and go, “Well, I do not know where that came from. I need to dismantle that little trigger.” I have to. So that switch when it goes off, it does not work. Does that make sense to you?

🔑 **Key:** We must appropriate everything Jesus died to give us so that we do not have any unredeemed areas hiding in our lives.

Deliverance Anointing is Coming

That is the deliverance anointing that is coming. **There is a great deliverance wave of God coming to the church.** It is going to be a glorious move of God because there are going to be a lot of free, happy dancing people delivered of devils.

I am almost done here. Let’s just give this final thought. This deliverance anointing is coming.

Praying in the Spirit

I was so happy to hear the 10 minutes starting off today with that praying in the Holy Ghost because here is the deal. It is so funny. I was with Annabelle and we were up at this prestigious club. My parents used to go to the Union League in Philadelphia. Her Dad is a doctor. My Dad is a lawyer. We met but we were like the kids that got saved in the family and had to get everybody else saved. But, the Union League being the prestigious place our parents would go to.

We are at the Union League, but I am always trying to figure out when to go full tilt Pentecostal and when to go more ninja sheep. Because, you know when you are around the White House and CEO’s you have to figure out like “okay, how am I moving here?”

So anyway, I am with Annabelle and we are up there with Nancy Hansen and she is hosting us for an event and there is a lot of women. They are coming there for a prayer meeting in Philadelphia. It was a dinner and we are standing there. Some doctors are there and such. And Nancy says, “Let’s have a word of prayer.” Okay good enough. Well, my wife – there is still a little bit of that hippie in her. So, we are praying and we are holding hands and she starts praying in tongues. I open my eyes and think, “Oh my gosh!” So, I squeeze her hand just to kind of like tap the Pentecostal breaks there girl. She thinks I am encouraging her! So now, she raises the volume! And I am like “my gosh!” So, I squeeze her hand twice as hard and she goes even louder! I am in the prayer meeting and go, “what are you doing?” And she goes “What? I thought you were encouraging me.” And I am like, no, I am not encouraging. I am manifesting in the prayer meeting.

Glory and Angel Activity

Here is what I want you to know. This is so important to get this. You all have to grab this. Part of the Glory, part of the realm for the Glory is the activity of angels. **The angels are coming in and they will bring to the surface what is hidden in the synagogue.** They will push to the surface what is working in your bloodline, and instead of freaking out over it and having a panic attack, step back and get curious. And look at it and go, “I wonder what that is?” And then it might be that the Lord says, “I want you to

deal with that thing so that you are not triggered by it.” So that you are walking in your peace and your boldness - remember the world is crazy. Quit apologizing!

Key: Things hidden in us will come to the surface. Let God deliver us.

For a long time, I was trying to earn the respect of the outsider. I am like, “Forget it if they are acting so goofy. I do not care anymore.” Their ideas are so whacked out that I might as well just come out of the closet (with who he is as a radical Christian). Everybody else did.

Lover Tongues

So, here is what I found. This is important to get this- You need to pray. You have got your love tongues. You see, lover tongues are like the Mediterranean, beautiful tongue languages. It is like a romance tongue — I like it. It is like an Italian poet. It is beautiful. But, I want you to start to exercise your warfare tongues.

Warrior Tongues

Now, warfare tongues sound like German stormtroopers. Now I will tell you, this is for real. You have got your lover tongues and your warrior tongues. Now I mean this very sincerely. It is a little bit of my own angel theology here, but I really believe there is a whole classification of angels that respond to the revelatory worship intimacy moments. It is kind of like they are the worshipping angels of intimacy. But then there are the warfare angels. They like to come in and just deal with stuff and a warrior is not happy just watching. They like to get in the battle. And so, you have to loose them to go to war. And also, you have to walk around a little bit, because when you are doing your warfare tongues, you have to walk around a little bit. You have to walk around because there is motion in the marching army of Heaven. You have to walk around and karate chop the atmosphere every now and then.

Hey, I am serious about this! I went to military school. My Dad — to get me away from girls and theater sent me to a military academy because I love theater and I love girls. And my Dad said, “He will amount to nothing if I do not get him away from his mother, and girls, and theater.” So, I went into the shock therapy of a military institution. I had no choice. He was a World War II vet and he said he needed to toughen me up a little bit. Alright, so I got my baptism by fire.

Transformation Costs Something

I will tell you one thing about the military that is great through. They know more about how to transform people. Let’s put it this way. You could do three years in church and really not change. But you do three years of Paris Island and you are going to look different.

First thing they do is they start yelling at you over everything. You get past your hypersensitivity and they are picking a fight with you and you cannot win the arguments. They stand there and yell at you, “Do you love me, Wallnau!?” What am I supposed to say? If I say yes, he will accuse me of being a homosexual. Which back then was not good. If I say no, he will ask me why I do not love him. You cannot win in that conversation! If you say nothing then you are being insubordinate. “Did I ask you a question!?” You cannot win! You realize that this guy is having a bad day and every day of my life is going to be like this.

But you have to stand a certain way with your chest up and your hands on the seam of your trouser pants with your head at a 45-degree angle and you have to talk loud to them. “Yes, sir! No, sir!” They do not want you to say, “How ya doing?” Like Gomer Pyle.

But then I realized that the Lord said to me, “**My people want transformation but they are not willing to go to My boot camp. They are asking for answered prayers, but they are not willing to pay the price to get the prayer answered.**” My mind goes back to the military, so 10 minutes a day you need to have certain days when you are praying in strong warfare tongues. You have to be able to walk around. You have to move - the body in motion. It is good aerobics. Burn fat, beat up devils.

🔑 **Key:** Transformation costs something.

Now, here is what I learned. I am going to throw this theology out there.

I asked the Lord, “Sometimes when I am praying, I do not always feel like praying strong in tongues, but there is something that happens when I do.” The Lord said, “That is right because what you are doing is engaging that warrior part of you to deal with that area of your life that needs that militant strength in it.” So, you are not getting wimpy and backing down. Your spirit man has to be strong.

Tongues and Angels

Sometimes I walk around with people. I train people and I listen to how they pray. I told them to pray strong and they cannot even pray strong. Well, **if your spirit does not have a voice how do you think you are going to have a voice?** So, this is wild. I asked the Lord as I was reading 1 Corinthians 13, “but thou I speak with the tongues of men and of angels and have not love...” And the Lord said, “Stop, stop, stop, go back.” Though I speak in the tongues of men and of angels. And the Lord said, “now stop right there. You are not supposed to be interacting with angels. You kind of interact with Me and the angels were on assignment.” You can bind and you can loose but we kind of lay cool on interacting with angels, because once you start getting into angelology, nine times out of ten Pentecostals go crazy.

🔑 **Key:** If your spirit does not have a voice, how do you think you are going to have a voice?

So, God says, “For your own sake, you will have glimpses of stuff, but do not get so up in the angels that you are focused on them and not on Me.” So, with angels you know that you have them with you, and sometimes you have a total awareness of them. But here is what the Lord said to me, **when you are praying, there are times that you are praying in the tongues of angels. You are praying as the Holy Ghost leads you and it is the angels that are getting the instructions right from Me through your mouth.** Now there is theology for that. We cannot teach that everywhere, but here at Aglow we can handle it.

🔑 **Key:** When you are praying in the Spirit, there are times you are praying in the tongues of angels and they are receiving instructions right from God through your mouth.

There are times when God says, “I am going to speak through you to that mountain to make it move.” Then there are times when you do not know the nature of the mountain that must be dealt with because you have limitations in your understanding. It is called the infirmity of the flesh. That is why

you have a prayer language in the first place, **to navigate around the ignorance of what you do not know**. God's solution for that is not always going to be a word of knowledge or some kind of wisdom thing. It is going to be praying in tongues. So, you will obey Me and keep it simple. But then, for all you know, you are giving authorized utterance to that angel who is nodding in acknowledgement and boom they take off and do what has to get done.

Key: Praying in the Spirit helps you navigate around things you do not know.

Now, I promise you, **if this organization takes that message seriously and starts praying, what happens is your faith goes to another level and instead of just praying syllables, you will know that from now on that when you go into that militant zone for all you know, you could be speaking in the language of angels. You might even be rebuking that spirit. You might be addressing that spirit just like you would be casting it out of a person. You are hitting it in the spirit realm and you are telling it by the authority of the utterance in your mouth what the rules are for this.**

God's House is a House of Prayer

The great shaking that is upon us in the earth right now is a shaking of thrones and dominions and principalities and powers and Jesus is longing for a church that can administrate the nations. "My house should be called the House of Prayer for all Nations." Somehow, we reduce that to being some kind of sweet altar call with Grandma's praying for lost souls.

Key: Jesus longs for a Church that can administrate the nations.

I see it rather differently, I see it as **an administration station decreeing and exercising governmental authority for what is permitted and what is not permitted in the nations of the Earth. And where there are rebellious thrones and principalities at work, there, God will overturn, overturn, overturn, until He comes whose right it is to rule.** And that is going to be the succession of convulsions in nations in history right up until Jesus, Himself returns as the Judge that sets His house in order with a global exorcism of every demon.

Key: Aglow groups are administration stations that are exercising governmental authority in the nations.

Deliverance is Coming

Before that happens, **there is going to be a deliverance for His house and the house is going to begin to walk in its administrative glory.** The angels are going to be very active with us in the next days to come, and people are going to come to the knowledge of God because we are going to step into an atmosphere where the demons were bound before they got there. They are walking outside the protective covering of the voodoo they were walking in and they are walking into an atmosphere which is sealed off by the angels for conversions. That is why when they come into our midst, they are going to be saved.

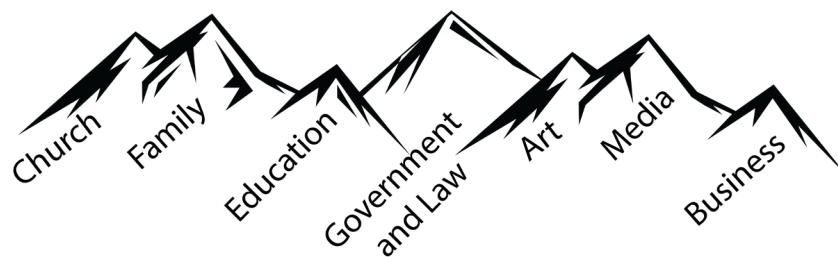

A Harvest is Coming

We are going to start having these big rallies. We are going to have rallies and it is going to be crazy. The demons are going to come in bound and they are going to come to Jesus. That is what is coming. A HUGE move. Psalm 2 is very appropriate.

I was asking the Lord, I knew it was going to happen if Donald Trump was in office, I knew that Al Qaeda was going to rush in to the cockpit and was going to take over the plane. I wrote about it. I said it is going to be like the left is going to act like Al Qaeda. They are going to take box cutters with ballots. They are going to barge their way in. They are going to convince you to sit down, strap on your seat belt, everything is happening according to plan. It was a fair election and then they are going to mess up the plane. Hopefully they cannot crash it with us on board. But that is how bad it is. That is how I see it. It sounds apocalyptic, but I am closer to the truth than a lot of the people drinking the Kool-Aid. (*'Drinking the Kool-Aid' is a phrase that means going along with whatever is being said without considering whether it is true or not.*)

Now the battle is going from the national level to the state level. That is where it is going.

Spheres of Influence that Shape Culture

I introduced the seven-mountain message, Johnny Enlow and various others preached on it. Here is the revelation: **there are certain spheres that shape the mind of culture.** There is the realm where **the church** is active. There is the family. So, church and family, the synagogue and the home, Jews have been able to exist in Europe dispersed for 2,000 years all over the world and come back to their homeland intact. Why? Because of the family, because of the synagogue, and because of tradition! And we are the same way, we came out of that, so **as long as you have strong church and strong family you can withstand any disease in your culture.** That's why they've got to get to your church and family and here's what starts to happen: **when the government gets too big, it wants to put its ugly arms around all seven mountains, so that's called socialism, Marxism, or totalitarian dictatorship.**

Understand how simple this is, there are seven realms that make up a free and a balanced life. The devil wants to take over all of them and make you do what he wants you to do. And that is what is happening right now with the romance with socialism. It is about the government mountain going from its orbit where it is accountable and controlled to being a ubiquitous authority over everybody. That is where it is trying to take us.

So, education, government, media, arts, and then over here the seventh mountain business or economics. I have a hard time to think that media and arts are almost converging into each other because half of the time I am watching media it is nothing but fiction anyway. As of now, I am saying that here is the difference between media and arts — arts and entertainment and sports and various stuff like

that — arts are a suspension of reality. It is the Sabbath of the Seven Mountains. It is the place where recreation takes place. **Media is where truth is supposed to be told regarding the nature of what is happening.** So, there is a distinction between the two. **One is grounded in the information about what is happening while the other is a suspension of reality.** That is what the art mountain is supposed to be.

But, these seven mountains, just see where they are, at a national level from Harvard to Princeton to Yale they have all gotten so goofy! They have just elected to put an atheist in charge of the Harvard chaplain's office. When you are that dumb you do not deserve to be respected anymore. It is like putting Captain Crunch in charge of your armies! Alright so you have your government and your courts over here, your law, your media, your arts, your business and education. And listen, the big mischief we have is that this education mountain is primarily feeding all the rest because they are indoctrinating sons and daughters and it is the parent's fault. The parents care more about the prestigious degree for their little kid then they care about having their brains messed with by the Marxist intellectual pedophiles that are molding their heads into some kind of weird worldview that hates the very country that gave them their freedom.

Gates of Influence

There is only one gate at the top of each of those mountains. You have to see this. At the top of each of those mountains are gates of influence because at the top of each of these vertical structures is a hierarchy. The hierarchy always has gatekeepers. The gatekeepers are the elites in the university system or in the Hollywood entertainment system or in the Nashville music industry. It comes down to fewer people, and their goal is to kind of guard their elite turf. They are the ones that primarily are the gatekeepers. Satan is very interested in them. It is why the church has to think more. It is sad that we did not think about dominion more aggressively. Because, **as long as your thinking you are not supposed to have any influence in this world, we do not train our children like the Jews — to become the doctors and the lawyers and the producers — because we are training them to kind of like check out, get ready for the rapture and avoid the anti-Christ.** Instead of going into all the world and making disciples of nations, we are trying to inoculate them from being messed up by the nation. It does not work well, does it? You do not develop herd immunity by hiding.

Here is what I want you to hear, God is coming down. This model here (page 11) is invading the gates right now. That means economic systems, political systems, even media – God is going to start to overturn, overturn, and overturn. Heaven is coming up. Here is the warning for us. If the house is swept clean by a move of God, 9 out of 10 Pentecostals, Charismatics, and Evangelicals consider it an answer to prayer if for a couple of weeks there is this wild Jesus movement going on. All the lovers would just be like, “See I told you, I told you!” until the dust settles. Once the wind stops blowing Jesus says, “If the house has been swept clean but not occupied then seven times more wicked spirits will come in.”

In other words, **you do not want a revival without reformation, because** the reformation, remember this, **reformation deals with the gates.** It is top down. Revival is interpersonal. It is bottom up. When a revival goes the wrong way and it does not meet a reformation that brings these things down under

the authority of a new belief system, then the house is swept clean and reoccupied by even more vicious devils. Does that make sense?

Key: A revival must include reformation as reformation will deal with the gates of influence within the nation.

So, we are not just looking for our romantic return to Jesus movement, a wild 40-day prayer and fasting crusade and then a sweeping move of Jesus. If we do not occupy academia, if we do not begin to occupy government, and law, and courts, if we do not begin to occupy the entertainment sector or the business sector, well, then it is going to be occupied by those demons that Jesus said are going to be more wicked than the first ones to be cast out. You would have been better off leaving the status quo, then emptying out the system and having national socialism and Hitler come in and take over your institutions. See how this works?

We are looking for a reformation that moves in the spirit of revival. Where reformation and a revival hit, you have our definition of an awakening. Remember that, because you guys are using awakening here as language. Understand the difference. A reformation is institutional. It is not personal. It is just business. A revival is all personal, because it is your interaction with each other as revived people. **When the revived people take on the battle of reforming institutions, you have a great awakening.** That is what we are looking for. We are not just looking for a sweeping move of God and then back to the status quo, which is worse than what it was before. We are looking for a restructure. That means our ideas are going to become controversial, and we have to be comfortable with that. We have to defend the Biblical proposition of the way the world works. Does that make sense to you?

And for all those who were coming up to my wife asking for that verse, “What do you want me to do for you.” That is Luke 18:41. “What do you want Me to do for you?” That is the verse the Lord gave me. That is the verse the Lord gave me. I said to Him, “Well, I just want to serve You and please You and be very happy for You and be a joy to Your heart.” He said, “Give Me a better answer than that. Think about it.” I said, “Sorry Lord. I was a little religious there. I miss Rush. I want to be a Pentecostal Rush Limbaugh (*radio talk show host who died in 2021*) I want to be able to talk to the Church world and give them information about what is happening with a perspective of hope and reality.” I think the Lord is going to answer that one and we are going to start a new show.

Do you see this chart right here? (*page 17*) This is the seven mountains. These seven mountains at a national level, you have indirect influence over. How much influence are we going to have over the White House or the Supreme Court? We are going to have some. **Where you have the greatest power is close to where you live.** You have geographic power. That means those seven mountains – forget about going after Harvard, go after your own community college. You have to go to the school boards for the K-12 education.

Key: Where you live — in your community — is where you will have the greatest power to influence.

So, you look at that seven mountains as a grid. You should be putting the list down when you are doing your warfare prayers over who are the influencers that God puts on your heart that you are called to.

Who is the biggest influencer in media or who is the big, you know, anchorman personality or who in sports is the big owner of the franchise? What I am saying is that you do not have to do an audit of the seven mountains in the natural. **Let the Holy Spirit show you** out of your own natural curiosity who He is going to move on? Because it could be like Jerry Jones (*owner of the Dallas Cowboy football team*) in my city of Dallas. I run into him every now and then because we go to some of the same places, but it is his wife and his kids.

I found out that Annabelle's family and my family, it was not Dr. Naples or Mr. Wallnau. It was their kids that God got. Once you get in the household, you are there. You are Saints in Caesar's house. So, your praying for God to bless the house and invade the house of the gatekeepers. I want an invasion of the influencers. I want an invasion of the gatekeepers, and I want to break that seven mountains down locally because I have business in my own community.

🔑 Key: Let Holy Spirit show you where to target your influence and prayer locally.

Where this battle is going to go is, you are going to see regional revival happen in certain states, but not in others because it is going to be a territorial visitation before it is national. There is going to be certain hot spots, certain cities, certain counties where God is going to push the principalities back and say, "I'm here!" And, boom! It is going to be the mayor's office. It is going to be the sheriff's department. It is going to be the retailers and the business leaders. It is going to be the local school system and "BAM! BAM!" the news media will descend on it with all its fangs to make it into some kind of scandalous uprising of "Taliban" Pentecostals. We will be ready to lampoon them right back and make them look stupid.

"Where is your verse for that, preacher? As Jannes and Jambres withstood Moses, so do these withstand the truth." (Ex 7:1-8:19) That was Moses in the court of Pharaoh being opposed by governing people moving under witchcraft. They opposed him in the courts of government, in Pharaoh's court, but Aaron threw down that rod and swallowed up all of their other rods and they were all emasculated right there in public. Since they picked the fight with what God wanted to do, God devoured their rod of authority. And then to make sure that nervous Pentecostals know what God's point was, the next verse says, "Even so shall the folly of those who are walking like Jannes and Jambres may be known public and be demonstrated likewise. In other words, God is going to do it again in history. He is going to deal with the forces that are militating against his movements. Does that make sense?"

Peak Convergence Zone for Advancing the Kingdom.

Here is what I want to talk to you about. Recalibrate, your realignment, your reset. **Your ultimate ministry capacity comes out of your personal capacity. If your health, your finances and your relationships are an area the enemy can attack, he will hit them in order to pull you out of convergence with your anointing.**

🔑 Key: If your health, finances, relationships are areas the enemy can attack, he will hit them in order to pull you out of convergence with your anointing.

There is a thing call convergence. Convergence is when you are stepping into your prophetic fulfillment for what you were prepared for prophetically your whole life. When you are in convergence, it typically happens in the Western Hemisphere, it typically happens after the age of 50 and continues on to 75. You are in peak convergence zone.

What is weird about that is right around the time people are retiring, trying to decide what they are going to do with their life, they are actually in the place where they are most useful for advancing the Kingdom. I did a study with Bobby Clinton. He is the only guy who actually did an analysis of the subject from an academic point of view. He did 20 years of evaluating who went into convergence and who did not. He found out that like 15% of Christians entered into the place where they actually fulfilled prophetically what God called them to do.

I focus in this training what are the things that help make the convergence happen and what are the pitfalls to avoid because you are in the convergence zone right now.

Kenneth Hagan's 1967 Prophecy

One final word for you, prophecy. Graham Cooke's word has been a great comfort to me.

I have a prophecy from 1967, that is around the time you guys started. Kenneth Hagan had a very interesting prophecy that did not sound at all like the 1960's, but he was seeing something in the future.

"The hand of the Lord moved upon me and the Lord said, 'Come up higher, come up higher, and I saw the continental United States **in 1967**. And a dark hand came up out of the ocean from the east, even from the Atlantic Ocean. As it came, the hand rose into the air and became a dark cloud and it filled the whole atmosphere. It swept inland like a storm from the sea and I said, 'Lord! Oh, Lord! Oh Lord, what is the meaning of this?'"

And He spoke to me, "Son, that is **the darkness of atheistic communism** that is sweeping across the nation, even in the minds of men in high places and politicians with great power. And this nation shall not grow more strong and shall not have more liberty than you have now (think about it, we are always looking for the future but the fact is, we are just watching a gradual erosion of these things). You shall not have more prosperity, more liberty than you have now. In fact, liberties that you have known shall be seized and taken from you."

I looked again and I could see upon the map a blot as though a bottle of ink had spilled and spread out. I was watching the states in the south and east and asked, "Lord what does this mean?" And he said, "**communistic inspired hatred among races.**" You see, (sorry, Black Lives Matter was conceived by a Marxist team), "communistic inspired hatred among races shall cause greater turmoil than your nation has seen heretofore. And it is not the will of God, but it is men's hearts that are perverse. Without the love of God, they seek to have their own way, and so it shall be worse than you have seen."

And I said, "oh Lord, oh Lord, is there a remedy?" The Lord said, "Evil men and seducers shall wax worse and worse. They will be deceived and they will deceive many." And I said, "Lord is there nothing to look forward to?"

And then I looked and the Lord said, "**forget not your text,**" (because Kenneth Hagan was a man of faith. God was giving him a word of faith, a message about faith. Forget not your text means you are

a messenger of the word of faith.) “Do not forget what you are anointed to give. Do not look at the things that you see. But look at the things that are unseen.”

And I looked again in the Spirit and I could see something, **I saw falling upon that map a ball of fire from Heaven.** The closer to the earth it got, (this is your ball of fire - *Lance points to the crown cloud in his drawing*), “the closer it got as it drew near (Lance moves hand down the diagram towards the earth portion of the drawing) the fire started falling. I saw it falling like a ball of fire from Heaven and it got bigger and bigger and when it came to earth it divided into small balls of fire and sparks of fire. (Look at this to compare with the dreams Dutch gave the next 2 nights about fire)

It started to fall upon men and **I saw an army rising up and it seemed as though their hands were fire.** That has to be signs and wonders. That is going to be supernatural prosperity, “Whatsoever you put your hand to shall prosper.” And then it set upon (people) and I saw tongues and heads of fire. (It is going to be supernatural insight, revelation, the gifts of the Spirit are going to go on steroids. Prophecy, tongues, interpretation of tongues, words of knowledge, words of wisdom, get ready.)

And I saw it and at first I thought, “Oh my God, the whole head is on fire, but then I looked closer and it was the tongue of fire. (That is why I am saying get your warrior tongues back.) Tongues on fire! For the fiery angels that are being sent.

I said, “Lord what does that mean?” **Here is the part I want you, Aglow, to catch, “before the worst, shall come and the days of darkness shall come, there shall go those who shall carry the fullness of My Truth and the fire. And it is not only to the states of this nation, but it is going to be to many other places, other nations for there is a work that must be done spiritually before the Lord comes!**

Now prepare your heart for the time is at hand, **the beginning is now** (1967 when Aglow began) and you are going to see and you are going to know that the hand of the Lord is upon you. Many others to be used in these last days, and the work shall progress.” I said, “oh Lord, thank You, thank You. Thank You that I got a piece of this. I got a small piece.” And the Lord said, “your tent is going to be enlarged.”

Word for Aglow

Here is the word for Aglow, “You shall have an enlarged ministry and shall minister to many, for you have ministered to a few compared to what I am about to do next. Therefore, go back to the earth and be faithful, give forth what I tell you to give for you have been somewhat reluctant and uncertain in times past to say these things.”

Interesting, huh? A lot of the problem we have is that **we have cowardice that is not intentional. It is built on a lack of confidence. We do not want to make a mistake,** and that is part of the problem. The lion and the lamb are all half converged. We do not have a full-grown lion right now. The lamb is not roaring yet.

Now, tell it boldly, speak the truth for **now is the day** and it shall be so for the word of the Lord came out of me saying the prophetic vision shall be restored under the church. **The prophetic anointing and prophetic insight shall be restored to the church, even as the days of old under the old covenant, the prophet could see by vision and prophesy and so the prophetic vision should be restored to the church. This is the time, this is the hour, this is the place.**

So, here is my word for you. Why don't you just rise up for one second? We are going to pray strong in the Spirit and I will close this out.

- » I believe that there is an anointing for the latter end that is great than the former.
- » I believe the latter glory is greater than the former.
- » I believe that God delights to do that, even with those of us that are more of the senior parts of the body, because He is making a statement. He is making a statement and the statement is that the Ancient of days is still coming with the dew of His youth.
- » There is a youth movement. It is going to be breaking out in America.
 - It is not going to be because it is so formulaic and well executed.
 - It is going to be because it is the raw Pentecost of Jesus.
 - It is a fresh, unapologetic Jesus. It is a fresh, unapologetic Jesus Movement. Not afraid to cast out devils out of praying in new tongues, out of praying Holy Ghost conga lines and fire tunnels.

Well, we are going to pray for just a minute right here in strong tongues okay because **I want to release that warfare mantle afresh upon you and let the angels know that you are set for battle.** Because **I believe locally your going to see the doors open.** If our broadcast is successful we are going to have at least a strategy for everyone of those mountains, and one of them is called the **precinctstrategy.com**. You want to check out **precinctstrategy.com** because it's 80,000 open doors for precincts at the local level that Christians don't know about. But, that's where the local power is in the Republican Party, they need to be invaded.

Father, I thank You in Jesus Name for Aglow International. I thank You for the power of the Holy Ghost. I thank You for tongues of fire. I thank You for the revelation of the Spirit of God. I believe there is a fresh anointing, fresh deliverance, fresh power that will break the appointment that the enemy wants and will overrule him.

Praying in tongues.

Now if you do not have one of those prayer languages, you can pick it up by just being around people who have it. Have them lay hands on you and activate it. The thing is you just have to be speaking authoritatively from your spirit. If you were just standing there mumbling, that was not a warfare prayer. You might want to get prayed for so that you release fullness. Why would you want to drive with your foot on the break? You want to be putting the accelerator down all the way.

Here is how we are going to conclude. There is a unity of the Spirit that is descending right now.

The Power of the Unity of a Remnant

In the movie, *Gladiator*, when I first saw it in the year 2000 or whenever, as this scene opens, this fellow, Maximus is in the middle of the arena in Rome. He has 10-15 fellow gladiators there looking to see who they are to fight. He hears a story spoken out into the arena, "Ladies and gentlemen, I bring to you a reenactment of the 2nd fall of the mighty Cartridge. Then Maximus realizes he is going to play the role of the barbaric horde in Hannibal and coming through those gates are going to come Scipio's

chariots. He turns to the 12 men with him and says, “Whatever comes through those gates, we have a better chance for survival if we work together.” They agree.

Key: Whatever hell sends our way, we have a better chance to stay in victory if we work together.

The gates break open and the chariots come flying through and they start to circle them and Maximus says to them, “Come together! Come together. Closer! Closer!” They all move toward each other with their shields and then he says, “Lock your shields!” Their shields all lock.

The crowd is all watching this because typically 12-13 lone warriors do not know how to move together in unity. They were all ex-military, so they knew how to behave in battle.

As One

The chariots come rolling toward them to break them up and smash them like a bowling ball hitting the pins. Maximus says, “Hold! Hold! Hold! Hold!” Then as the chariot comes up to them, he says, “As one!” They all shout, “As one!” They lean into their shields and it repulses the chariot. As the chariot bounces off the wall of the steel of their shields, he says to them, “Well done!”

Now the chariots come back the 2nd time to break them up. This time, he gives a different order – command. He says to them, “Hold! Hold!” They have their shields up. This time the command is not for unity, it is for offense.

Maximus says, “Diamond!” And they all lean down and tilt their shields like a ramp and the chariot goes up on the shields and flips over in the air. At that moment, Maximus says, “Single column. Single column.” He then gets up on one of the horses and starts riding behind the charioteers, taking off their heads.

What is weird is, this is exactly what the prophets prophesied for the last days, that the Lord was going to take out the chariot and their riders. (Ex 15:21)

When it is over, the whole mob that at first thought they were the villains, the crowd is actually cheering for them because of the exhibition of glory that was brought out of **the unity of the remnant**.

Key: There is going to be a glorious display as the remnant comes into unity.

The key word is diamond. That word diamond in Greek literally means “the many facets of the Body of Christ.” **God is going to put on display before angels and principalities the glorious Church in the last days.**

It starts as one. With your right hand up in the air, on the count of three, we will bring our hand down and with all the authority of the warrior on the inside of you, we are going to shout, “AS ONE!”

I think it is a prophetic act like hitting the arrows. “Oh that we would have smote those arrows in times past, four, five, or six times. Right now we have an opportunity.”

1, 2, 3.... AS ONE!
