## **Special Seminar in Israel**

**April 19 – 21 2018**

As a Christian are you aware of the current impact our global society has upon Israel and, in turn, how Israel directly effects world events? Can you answer what it means to "stand with Israel?" Do you understand the times with clarity, drawing wisdom from the panorama of history and biblical truth so that you can hit the mark in prayer? Are you

able to effectively explain to a non-believer why Israel has a right to exist?

Attend the Aglow International "Watchmen on the Wall" seminar and you can answer "YES!" You'll come away with a solid understanding of the issues, interspersed with targeted doses of historic and biblical truth that will enable you to discern what is real and what is media distortion. You will become fully equipped to be an effective spokesperson for Israel and the people that God has called the "Apple of His Eye" and know how to stand in the gap for the land and the people.

## What Is Watchmen On The Wall?

Watchmen on the Wall is designed to educate and equip believers by providing them with a Biblical framework for understanding and accurately communicating issues regarding Israel, past and present. The program is a valuable tool that enables intercessors to pray more effectively

for the issues facing the land and people of that nation, and to speak up knowledgeably about Israel and the Middle East.

### Watchmen On The Wall Seminars

A primary focus of the Watchmen on the Wall study/prayer program is a series of seminars held in various regions of the U.S. and some other nations. Seminars are scheduled according to popular demand.

Each attendee is given a manual in binder form containing curriculum written by knowledgeable and seasoned Christian leaders who have a heart for Israel. The material is presented during six lively seminar workshops, where current events are interspersed throughout.

This year on our journey to Israel, you can attend a WOW seminar before the tour begins! You will then be commissioned as a Watchman on Mount Scopus in Jerusalem.
