Become a Global Partner with Aglow to carry out God's purpose in this hour.

We are coming into alignment!

When our International Board of Directors met last year, they discussed ways that the global ministry of Aglow could come into alignment in greater ways, and were led specifically to the area of Aglow membership. They realized that in the area of membership, Aglow had become 170 separate entities that, if united, would bring Aglow into a spiritual unity, as well as, a provisional unity.

Global Partnership connects *all* nations in the global family of Aglow for the first time since our birth in 1967. It is an exciting day! *We are a Kingdom community that is marching forward in establishing a Kingdom culture in the earth!*

Here is how Global Partnership will work in the US

1. The annual fee for Global Partnership in the United States will be \$40 as set by the US Leadership Team.
2. Partnership will run for one full year from the day the fee is received at the Headquarters in Edmonds, WA.
3. Each Global Partner will receive a Global Partner card. (Card will arrive within 6-8 weeks.)
4. Each Global Partner will be entitled to one \$20 discount towards the annual Headquarters conference registration. (Couples who are both Global Partners and who are signing up at the reduced couples registration rate will only receive one \$20 discount.)
